GREETINGS and BEST WISHES to all you old timers, and to the new comers to the ranks, of the greatest little game out of doors. Thanks again for your 1949 orders, and we hope they grew well, and that we will hear from you again this season.

Our growing season was certainly a "DOOZY", as the kids say. Spring broke early, and planting started around April 5 to 6th. Then in May and June, we got a lot of extremely hot dry weather, which pushed the glads too fast, and we cut some spikes on June 26th. From then on everything went wild, and 90 and 95 day glads came in in 75 and 80 days, and the timing for shows was all shot to pieces.

In my private Trial Garden, I grew over 300 recent and 1949 introductions, along with a lot of seedlings for trial from various growers throughout this country, Canada, Australia, etc.

Most of them were very good, some were outstanding of course.

Comparison with the older proven commercials, is the only way we can determine whether they are as good or better.

All stock is State Inspected. No dips used. Just good clean healthy stock.

MY PERSONAL TRIAL GARDEN

During the 1949 season, I was fortunate in having upwards of 300 new and recent introductions, plus some seedlings on trial in my trial garden. Perhaps you would like to hear about them, as they performed for me.

WHITES: Florence Nightingale still rates tops as a commercial for me and I predict it will be grown by every commercial grower in quantity in the very near future. White Magic, White Christmas, and White Goddess, easily the most heavily ruffled whites. Violet Dickinson, the prettiest white, and one you will eventually buy. Stratosphere, a grand creamy white; Summer Snow, pure white, a grand addition to the 300 class, and Freedom, a tall white with rose throat. White Challenge, tall and straight, and winning Champion Spike in many shows, and one you must have to get Champion spikes in white. The new Easter Morn, is really new and a different white.

YELLOWS: Robert Alan, tops the list for clear yellows, and looks like a real comer. Golden Arrow is going places as a grand commercial, Perdita, grand again; Sparks fine, with it's red throat darts; Yellowbird, finest of yellow miniatures, almost large enough for a good commercial; Spotlight, better than ever, but this class is still in need of more good yellows.

REDS: Skyrocket still the most brilliant, Red Cherry grand again, Rhett Butler will top the list for an early scarlet cutter and a must-have for the commercial cut flower grower. Velvet Mantle and Regal Red grand, Nancy another grand commercial dependable cutter, and the new ROYAL FLUSH is the finest in it's color. Big Joe, Champion seedling at the big Canadian National Show will leave you breathless, while the older dependable Red Charm, Algonquin, etc., can still hold their position among the reds.

PINKS: Still our largest class, and it takes a great pink to break into the ranks these days. Evangeline, tops in it's class, Jini Marie outdoing itself, Regal Lady winning most beautiful spike, Heart's Desire, most heavily ruffled, Citation, tallest pink ever introduced, Yankee Lass, Pink Lady, Joyce Beverly, Gaylore, Seashell, Cleo, all grand. The new Pink Satin, the new salmon pinks, Fraser, and Dolly Varden, all grand. In Rose Pink, Darla the finest early cutter in commerce. Phantom Beauty still our best blush pink. Carl Fischer's Friendship stands out at the top of the baby pink ruffled class, and is easily the prettiest, most dependable pink in this class. Grace Darling, Lovely Lady, Truelove, Complexion, all grand, and Rose Plume, between a rose and red, a very unusual and pleasing color; Boise Belle, a most unique glad, to say nothing of the older and well known pinks in commerce, makes this class, a real toughie to break into with new ones.

LAVENDERS: The boys have really gone to work on this color, and we are getting a number of good ones. Myrtle Grace was first to bloom, followed by Huntress, then Wedgwood, the sweetheart of them all, Grand Opening, a great exhibition glad, as is also Siboney, Abigail another grand commercial, Colonial Dame later, but a real lavender, and opens 10 easily, with perfect placement. Patrician, excellent this year, and last but not least, good old reliable Eliz. The Queen, that was tall, straight and marvelous. The new Sterling, is a deep shade of lavender that will thrill you, both for color, and heavy ruffling.

BLUES: Blue Beauty still tops the list, but Ravel, Firmament, Blue Boy and Great Lakes are all grand. The class is a bit weak, but will improve; several good ruffled blues are on the way.

CREAMS: Leading the list, would be Spindrift, Charlotte Russe, Ivy, Lady Jane, and now comes the new Duchess, and Daybreak, with their "Peaches & Cream" complexion, that you will love. Leading Light, is really a cream, and has been so classed this season.

ORANGES: They are getting better. Sunbeam easily the finest commercial and you will miss something if you don't grow it. Daisy Mae, Gratitude, Lakeside Orange, all good, the new Margaret Jean from Canada looks like a comer, and Encore while more on the scarlet side will thrill you no end.

BUFFS: This class is improving, and with Sunspot still leading the parade, it will have tough going before too long. The newer Wilma Dittman is a must-have, tall, straight, opens 8 easily, and the color is very soft and beautiful. Sunlight, still the most unusual, Debutante excellent, the new La Valle, very tall, very unusual.

SMOKIES: For my money, it is still Stormy Weather by a mile, the finest performer, with its long stretchy flowerhead, beautiful color, and florists appeal. Sandman is the runnerup so far.

MY 1950 INTRODUCTIONS AND CO-INTRODUCTIONS ARE THE BEST I HAVE YET INTRODUCED, AND I RECOMMEND THEM TO YOU WITHOUT FEAR OF ANY REACTION.

FROM MR. PERCY BARRETT, VERDUN, QUEBEC:

ROYAL FLUSH: A SUPER-DUPER medium, clear red, heavily ruffled, grows 66" with a 30" flowerhead, carrying 22 to 24 buds. Florets are 6¼ to 6½", wide open, One of those real breaks a hybridizer gets once in a life-time. Has won several prizes and Sydney Mode agrees it is perhaps Barrett's finest introduction to date. Opens 10 with at least 8 in color, with almost perfect spacing and facing. A very limited stock should prohibit the sale, but public demand forces us to sell not over 100 corms at \$5.00 each. No Bulblets this year. Price will be exactly the same for 1951, and you may depend on that.

ANGELA LYNN: A grand creamy white, with extremely heavy ruffling, grows 56" with a 28" flowerhead, and opens 8 with 8 in color. 5½ to 6" florets. Tall stretchy, wonderful placement for such a heavily ruffled flower. A connoisseur's flower in every way, and it stood up under our 100 degree heat with no wilting. Any size corm \$5.00, and with each corm you may have 6 bulblets at 50c each.

EASTER MORN: Another grand heavily ruffled white, and this one will make a great commercial, because it can be handled without damage. Grows 56" tall, with 26" flowerhead, 22 buds, with 8 in color. For two years I have it listed in my record book as seedling "16-02", Barrett's finest white". Comes into flower in 70 days, and will cut 100 per cent. Any size corm \$3.00, and with each corm purchased you may have 15 Bbts. at 25c each.

PINK SATIN: A Glorified Lovely Lady, and I mean Glorified. An exhibition pink, with white throat, heavily ruffled, with 8 open, and 8 in color. Grows 56" in field, with a 30" flowerhead, 6" florets, and certainly one of the most luscious pinks you ever saw. A Lovely Lady seedling, with tall stretchy Ivy Robertson the pollen parent.

DOROTHY MARGARET: Another grand heavily ruffled and pointed petalled clear pink, with cream throat. 5½" florets, grows 60" tall with 28" flowerhead, opens 8 with 8 in color, 20 buds and one of the brightest pinks in the garden. Named for my older daughter, it created more comment, than any other pink in the garden. Prices same as PINK SATIN.

FROM MR. ANDREW MAIER, BIRMINGHAM,

BRIGHT EYES: A grand new ruffled medium yellow, with rose throat spots that look straight at you, and really add life to the flower. Grows 56" tall, with a 28" flowerhead. 20 to 22 buds, opens 6 easily, with 8 in color, florets 4½", stands heat well, with perfect facing and spacing. A fine addition to the yellow class, both for exhibition and commercial use. Any size corm \$5.00, and with each corm purchased, you may have 10 Bbts. at 50c each.

WILMA DITTMAN: Really a 1949 introduction, but because of its lack of distribution in 1949, we are again listing it. I am happy to have the privilege of co-introducing it. It is easily Andy Maier's lifetime masterpiece, and the finest glad he has ever introduced, and I have known him for many years. Tall, straight, heat resistant, grows easily 66" tall, with a 30" flowerhead, 8 open, 8 in color, with 6½" florets, that are tough, and do not burn. Color is a soft clean, delicate buff, I was going to say baby-buff. Looks good enough to eat. You will eventually buy this one. Can win Championship spike, but in addition, it is a marvelous commercial.

Any size corm \$3.00, Bbts. 10 with each corm at 25c each.

FROM A. B. OGILVIE, courtesy my good friend, Sydney Mode:

MARGARET JEAN: The orange we have been waiting for. Has been grown by Sydney Mode for 3 years, and has won many prizes in Canada. Easily the leader in the Orange class today and one you will need to fill that entry, as well as being a topnotch commercial. 5½" to 6" florets, and over a period of years, has won the following prizes: Montreal Show: Award of Merit, Champion Basket, Home Achievement Medal, etc. At Hawksbury Show: Champion in 3 spike class, Best Orange, etc. Priced within reach of all, as follows: L. \$3.00, M. \$2.00, S. \$1.00, and with each corm purchased, you may have 10 Bbts. at 25c each. Grower units on request.

FROM J. W. HARRIS, SARNIA, ONT., One of Canada's finest hybridizers. Well known for his Arctic Snow, Florence Nightingale, Gaylore, etc.

STERLING: An entirely new color break. Deeper lavender, than the well known lavender phlox, with a rose feather in its throat. 52" tall, 22" flowerhead, holds 10 open, 8 in color, 5 to 5½" florets, heavy textured leathery foliage, perfect placement, very heavily ruffled, as pure and distinct as sterling silver. Named for and in honor of the Sterling Bomber, which carried Mr. Harris's son to the great beyond in the recent war.

DOLLY VARDEN: A huge 6½" floret, on this big salmon, with white throat, the white carrying the midrib, 52" tall, 26" flowerhead, 9 open, 7 in color, 21 buds, a grand glad for either exhibition or commercial use. Named for the gamey trout which frequent the Rocky Mountain streams.

FRASER: The deepest ruffled salmon, with deeper throat in commerce, 56" tall, with 22" flowerhead, 8 open, 6 in color, 4½ to 5" florets, a grand commercial or exhibition, that you will love. Named for the Fraser River salmon, the flesh being about the same color.

DAYBREAK: A beautiful cream and buff combination, in the most delicate color you ever dreamed about. A very delicate pastel, general effect is buff, 5" floret, 56" tall with 22" flowerhead, 8 open, and 6 in color, and truly a marvelous glad. All above at popular prices, namely: L. 3.00, M. \$2.00, S. \$1. and with each corm, you may have 10 Bbts. at 25c each.

Growers' units available on request.

FROM AL. THIEL, Detroit Commercial grower:

DUCHESS: A light creamy salmon, with yellow throat, on which is placed a small scarlet blotch, which lights it up, and makes it a grand color for florists. 4½" floret slightly ruffled, 56" tall, with 22" flowerhead, 8 open, 6 in color, straight, perfect placement. As stately as a Duchess, and just as majestic in appearance.

L. \$3.00; M \$2.00; S. \$1.00. Bbts. 25c each.

FROM L W. WILSON, ST. MARYS, ONT., a new-comer to most breeders, but well known in Canada, under the name of **CURLEY.**

BIG JOE: A huge ruffled medium red, 6½" florets, grows 66" tall with 22 buds, 8 open, 8 in color, strong grower, with tough stalk, heavy foliage, upright growth, flowers facing, excellent placement, blooms from bulblets, and a real addition to the red class. Good enough to win Champion Seedling at the recent Big Canadian National Glad Show, Guelph, Ont., in a hot class, and you know the kind they bring to those shows. One you will eventually grow for sure.

Any size corm \$5.00, and with each corm purchased, you may purchase 10 Bbts. at 50c each.

AMELIA: A beautiful two-toned rose red, as beautiful in its color, as Wedgwood is, in the lavender class. Ruffled and pointed petalled, about 50" tall, with a 20" flowerhead, 4½" floret, 6 to 8 open, 6 in color, with 20 buds, a very unusual and unique color. One the ladies and florists will love.

Any size corm \$3.00, and with each corm purchased, you may have 10 Bbts. at 25c each.

FROM MR. C. C. MARSHALL, LANCASTER, ONTARIO:

JUNE ROSE: Positively the earliest rose cutter in its class. About the color of Rose Delight, but much taller and better. Comes in with Rhett Butler. Larger than Early Rose, and a perfect early commercial.

Any Size Corm \$2.00, No Bbts.

PREVIEW: Large, brilliant, cerise-rose with harmonious blending of white to throat and mid-ribs. A new enchantingly fresh lively shade, with distinct color appeal. Has been shown many times, with many winnings to its credit. Marvelous commercial.

FROM HARRY DEAN, Fort Wayne, Indiana:

LADY WAYNE: Pure salmon pink, in the 530 class, which has won many prizes all over the country, and is well known to all commercial men. Grows well in Florida.

L. \$1.00; M. 75c; S. 50c; Bbts. 12 for \$1.00.

OPECHEE: A very unusual smokey, being a smokey old rose, with lavender overlay, and carmine feather on lower florets. One the florists, and most people, really like.

L. \$1.50; M. \$1.25; S. \$1.00; Bbts. 12 for \$1.50

FROM COSMOPOLITAN GLAD GARDENS:

BRIDAL ORCHID: A grand new lavender, which we are glad to see. Has won 3 American Home Achievement Medals this past season, several awards of merit, most open, opens 8 to 12, florets 6" and over, with 22 to 24 buds per spike. Should almost take over the lavender class in a year or two. Also a grand commercial.

Any size corm \$5.00. One corm and 5 selected Bbts. \$10.00.

FROM RAINBOW GARDENS, MIDDLETON, IDAHO. That great little preacher, N. H. Lines, has some new and recent introductions, that are not too well known, but should be, and will be, when better known. Here are some of them:

LA VALLE: A beautiful rich, heavily ruffled light cream, with small orange throat marks. 60" tall in the field, with 25" flowerhead, 22 buds, with 8 or more open, 6 in color, 5½" florets; almost perfect spacing and facing. One that will immediately attract your attention, and I predict will eventually be on the Champion Spike tables.

NELLIE LOU: Yes, another pink, but what a pink. True flesh color, with slight strawberry throat marks. Grows easily 66", with 26" flowerhead, 22 to 24 buds, with 10 open, 8 in color, holds floret size to last bud, very striking, could almost win Champion Spike for you. Really outstanding.

CHINOOK: Here is a huge ruffled medium salmon, easily grown to 70" with a 30" or better flowerhead, 8 open, 6 in color, 22 buds. Takes 110 degree heat without any sign of burn. Another possibility for Champion Spike.

ROSE PLUME: A very unique, soft, dreamy rose shade, hard to describe, resembling the color of the old Gen. Jack Rose, with a glossy sheen. Almost a self in color. Opens 10 easily, balance in color. 54" tall, with 22 buds. Florets are frilled. One you will love.

All four of the above, priced at \$3.00 each for any size, Bbts 25c Ea. 10 for \$2.00.

Grower Units available upon request.

KEEFER: Lines calls it a blue, I call it a bluish purple. If you want a thrill for exhibition, try it. Grows almost 6 feet and opens up a ribbon of color, that will make you rub your eyes. Opens up to 12, with balance in color, and has 22 buds. Not a commercial, but for exhibition, TOPS.

L. \$2.00; M. \$1.50; S. \$1.00; Bbts. 25c each, 10 for \$1.50

DIADEM: Color quite similar to Oregon Rose, but with lighter throat. Opens 9 lightly ruffled, 5½" florets on an 18-bud spike. Not tall, but an excellent keeper, opens from tight bud, and color is grand. Slightly fragrant.

Any size corm \$2.00; 3 for \$5.00. Bbts. 10 for \$10.00.

FROM W. A. BEATON, DETROIT, MICH.

GOLD CHEVRON: A deeply lacinated, pointed petalled light yellow, no marks. A connoisseur's flower in every respect. 3½ to 4" florets, carrying 18 buds, 7 open, 6 in color, on A 24" flowerhead. Has won several "A" ratings, and is a very worthwhile addition to the yellow class.

L. \$2.00; M. \$1.50; S. \$1.00; BBTS 10 FOR \$2.00

Growers' unit: 2 L; 2 M; 3 S; and 20 Bbts. for \$10.00

TRI-COLOR: Almost a Red, White & Blue glad. Outer petals deep pansy violet, shading to ivory center, on which is placed two ruby throat marks. Very unusual. Carries 18 buds, opens 7 — 3½ to 4" florets, with 6 in color, on a 24" flowerhead. Height of plant, 48 to 54". A most unique and rather bizarre glad.

Prices same as **GOLD CHEVRON**

**CO-INTRODUCING WITH CHAMPLAIN VIEW GARDENS, 3
GRAND NEW PALMER INTRODUCTIONS:**

K.M: Deep rose, with slight purplish cast. A late variety, medium height. Opens 10 or more, well placed, medium size ruffled blooms on a long flowerhead. A fine variety for late bloom, and an unusual color. Strong attachment and a good propagator.

LODESTAR: As beautiful a yellow as I have seen. Medium height, medium size, 5 to 7 open. Nicely ruffled, clear medium yellow, shading darker toward the center. Well placed and good attachment. A wonderfully fine cut flower, that any florist should welcome. Fine propagator.

ROWENA: Another medium height variety, but this is offset by the beautiful head of bloom. Color is light rose, with large cream throat. Nicely ruffled. Opens 8-10 well placed blooms, with a total of 18. Everyone who sees this, loves it.

ON ALL 3 ABOVE, \$3.00 EACH FOR ANY SIZE CORM.

CO-INTRODUCING WITH GLADLAND ACRES:

PHAROAH: RICH PINK SALMON, with cream yellow throat, yellow midribs, field height 63", opens 7 on a 19 bud spike with a 30" flowerhead. Floret size 5¾". Comes well recommended. Any size corm \$1.00.

HI !

That granddaughter of yours must be a precocious gal! I just cut a Jini Marie from a bulblet planted on May 17 — 5 inch blooms, 7 open on a 46 inch spike and 23 inch flowerhead. And that grew up without irrigation and with the bugs running wild. Had another spike two weeks ago almost as good. Planted four bulblets and have four strong healthy plants.

Sincerely,
REV. ARMIN C. MUNZ

DAHLIAS

MY 1950 INTRODUCTION, JINI MARIE, named for my little granddaughter, and one of the finest shell pink cactus dahlias I have ever grown or seen. It comes cactus, and sometimes semi-cactus, but always that clear pink color, with yellow showing at the base of the petals toward the center. An early and consistent bloomer, with long stems for cutting. An HONOR ROLL dahlia, and one you will love. Roots \$5.00 NET, Plants \$2.50.

JINI MARIE

MANY GLADIOLUS GROWERS, ALSO GROW DAHLIAS, and because I have had so many inquiries for dahlias, from gladiolus growers, I have decided to list both in the same catalogue.

I normally sell almost as many dahlias for cut flowers as I sell glads, in dollars and cents value, and unless you have tried some of the grand cutting type of dahlias, you haven't seen any dahlias. They are the finest fall cut flowers in the world, and our florists are featuring them in a big way. Every one of these have been tested and proven, and you can depend on them. Why not try a few and see for yourself.

ANNABELLE: One of the finest yellow and pink blends, in semi-cactus type we have ever grown. Blooms all season long, and one you will love. Roots \$5.00 each. Plants \$2.00 each
